RE: Docket # 03-00502

Dear Mrs. Tate,

We at NetOne International are happy to comply with the federal and state regulations and conform to the standards as they are implemented.

In reviewing this docket filing, I believe we are in compliance based on our switch architecture and services provided. NetOne does not terminate intralata minutes of use in Tennessee or in any other state. Our carrier(s) that provide this service would not pass minutes to NetOne unless the customer is trying to dial long distance, out of state or out of country.

Please feel free to contact me if you have any questions regarding this matter at (407)384-4200 ext. 1650.

Sincerely,
A handwritten signature in black ink, appearing to read "H. Brydges".
